

ABC Ltd

Admin

Points To Remember

Admin Create Multiple Supervisors

1 **Admin control everything**

2 **Supervisor roles :-**

- Create a site location through Geo Location
- Create Multiple workers as site requirements
- Assign/Unassign Worker to particular site
- Supervisor also maintain the ledger balance of workers
- Supervisor can add and deduct money

Then worker came in the radius of 200 m of set location so he can punch his attendance

Main point

Admin can see all expenditure so, he can come out the profit of the particular site
